Bio

Born in Holland, Britt moved to Innsbruck, Austria in 2008. Her first time on the pole was at the University of Leiden. It was love at first!

Britt started training on the pole in 2011 and started competing after less than a year of training. In 2014 and 2015 she has won the Austrian Championships (Miss Pole Dance Austria). She has also qualified for the finals of many international competitions, for example Pole Theatre UK and Ireland.

On stage she brings a sexy kind of elegance, power, flexy legs and big spins, which she will all share with you in her Workshops!

In 2012 Britt and Alex opened Poledance Playground in Innsbruck. With over 4 years of experience with teaching poledance, from beginners to very advanced, she adapts her class to the students and shares helpful excersices and tips. Teaching and playing on the pole is her passion.

'I look forward to playing on the pole with you!'
